If you would like confirmation that your application was received in our office, you should use a mailing or shipping service which provides delivery confirmation. We receive a high volume of applications and the review and approval process may take up to four weeks. Please do not call or email the office to confirm receipt or to check the status of your application, as this takes valuable time for our staff to investigate and respond, and slows the process down for everyone.

If our staff needs additional information, you will be asked to provide it. If your application is approved, you will be notified and will receive instructions for scheduling your exam with the third-party exam provider, PSI.

A completed application packet, background criminal record check, and experience forms verified by our staff must be received, reviewed, and approved by staff before you will be qualified to sit for the examination.

All applicants are required to utilize “CastleBranch.com” to obtain a nationwide criminal background record report. Instructions for ordering the report are included in this application. Applicants are required to pay the reporting service for the cost of the report. You must include a printed copy of the report with your application.

Answering falsely or submitting an inaccurate criminal record report can be considered fraud or deceit in obtaining a license and could lead to the denial of your application as well as prosecution under G.S. 87-23 and G.S. 87-25.

Mail completed application packet and check or money order for examination fee to:

On this application, the Board asks questions about a license applicant’s criminal history. In addition to the questions on this application, the Board may conduct a formal criminal or disciplinary history check. Answering “yes” to any of these questions or having a conviction, disciplinary or adverse employment action is not automatically a basis for denial of licensure.

When an applicant has a criminal conviction, the Board will consider:

1. The level and seriousness of the crime.
2. The date of the crime.
3. The age of the person at the time of the crime.
4. The circumstances surrounding the commission of the crime, if known.
5. The nexus between the criminal conduct and the prospective duties of the applicant as a licensee.
6. The prison, jail, probation, parole, rehabilitation, and employment records of the applicant since the date the crime was committed.
   
6a. The completion of, or active participation in, rehabilitative drug or alcohol treatment.
7. The subsequent commission of a crime by the applicant.
8. Any affidavits or other written documents, including character references.

If Board staff is unable to approve an application, the applicant has the right to request to have that application heard by the members of the Board. Any such request should be submitted in writing to the Board’s Executive Director. The Board will conduct that hearing pursuant to the North Carolina Administrative Procedure Act and the Board’s own hearing rules. As a result of the evidence presented at that hearing and considering the considerations outlined above, the Board may refuse to grant or may condition a license if it finds any of the grounds for doing so under North Carolina Gen. Stat. § 90-85.38(a).

If the applicant wishes to appeal the Board’s final decision, the applicant may seek review of the decision by filing a petition for judicial review in the Superior Court pursuant to Article 4 of the Administrative Procedure Act, North Carolina Gen. Stat. § 150B-43 et seq.
NOTE TO LICENSEE VERIFYING EXPERIENCE: Upon request of the applicant, you must complete this form to the extent of your knowledge. An unjustified refusal to sign appropriately documented forms provided by the applicant may lead to an appearance before the Board’s Review Committee and/or a Formal Hearing of the Board.

As a licensee of this Board, you shall only verify actual experience (number of hours and duties) that this applicant received while working under your license and direct supervision. If you verify experience that was not performed while the applicant was working under your license and direct supervision, or if you verify experience outside the classification of experience obtained while the applicant was working under your license and direct supervision, you the licensee, will be subject to disciplinary action up to and including revocation of your license per G.S. 87-23. In addition, you can also be prosecuted under G.S. 87-25 for giving false or forged evidence to the Board in obtaining a license, punishable as a Class II misdemeanor. An applicant may make copies of this form for use in documenting additional experience with other licensees in order to fully and completely document the required minimum hours of experience. Employment records (W2s and/or 1099s) supporting this verification must be included with the application. The license holder verifying experience must hold the qualification being sought.
